

CM SOLO SHREDDER

THE ULTIMATE IN SINGLE SHAFT SHREDDERS

CM Solo Single Shaft Shredders are designed for less power usage, minimal dust and reduced manpower requirements.

The CM Solo is built to be the toughest machine on the market.

CM Solo Single Shaft Shredders are ruggedly built and engineered for performance, durability, and the lowest cost of operation in the industry.

Four-way reversible tool steel cutting teeth provide the lowest operational costs available. Screens are available in multiple sizes and shapes. A "Smart-Ram" system automatically adjusts ram pressure to improve efficiency of the machine.

MODELS AVAILABLE
30 - 40 - 75 - 100 - 125
